NATIONAL BUILDING MUSEUM

03 May 1991

Mr. Stephen W. Yemm
President
S & S Contract Furniture
Route 1
Box 173
Marquand, Missouri 63655

Dear Stephen:

I would like to take this opportunity to thank you for your donation of Recycled High Density Polyethylene for use in our installation of the exhibition, "Mondo Materialis." The pedestals, chairs, and table look fantastic and are much admired by visitors to the show. The smaller samples you provided have proven to be a popular collage-making material--I am sure you will hear more about this from Janet. I believe that all this attention will result in more interest and demand for the product.

I hope you and your wife have the opportunity to see "Mondo Materialis" while it is at NBM--please call ahead if you do. As is evident in the enclosed review by Ben Forgey, the show has been very well received. Recycled Polyethylene has played a large role in this success.

Sincerely,

Kevin Murphy
Assistant Curator
